SOMETHING SHOUJO MANGA-LIKE IS BEST, I GUESS?
NO, YOUR USUAL FACE IS FINE.
IT SEEMS HER PERSONALITY HASN'T CHANGED

SECRETLY

This story depicts the elegance of a Yamato Nadeshiko in love that all girls ought to look up to...
WAS IT THAT KIND OF STORY?

I THINK YOU SHOULD KEEP THIS A SECRET

Training day

This is Tamaki writing

Actually, because of the achievement tests, this was considered an exam week, so all club activities were on hold It was the same for the SNS club, so there was no activity to report about (＊´ｪ｀＊)

Looks like my SNS club senpai were all studying hard As for me... I've been sneaking drawing practice in between studying! Though yesterday it was almost nothing but drawing

I got this idea after asking a friend for advice yesterday, so I took a picture of myself with my phone, printed it, and tried sketching it

I transferred the photo from my phone to the computer... Very "IT"! I'm always borrowing my dad's computer, and thanks to senpai, I feel like I've gotten pretty used to the controls

Leaving that aside, drawing myself turned out to be surprisingly hard Like, I didn't intend to sketch the face, of course, but still ended up drawing one out of habit

So I won't be defeated as the artist of the SNS club, I want to get better and better at copying!

Come on, Tama-chan, that's no good~
You drew it way too tall
